

SSEM 5.0 – FY09 EMIS Changes

Item	Change Description	Record
1	Disability Determination Drop Down List Values. Removal of "11 – Preschool child with a disability" Addition of "16 – Developmental Delay"	FD
2	Document Deficit Codes (218xxx) Removal of Document Deficit Codes. Preschool students will not be identified with disability conditions like school age, with the addition of Developmental Delay.	GQ
3	Alternative Placement (211001) Removal of Alternative Placement from SSEM (not from EMIS). It is not reported with the IEP, so it will need to be keyed into DASL/eSIS directly.	GQ
4	Program Code Start/End Dates. All program codes (215xxx, 210xxx, 217xxx, 220100, 211100/211105) will now be reported with start and end dates. Related Services (215xxx) and Preschool Itinerant Teacher Services (220100) will use initiation and duration dates on Goal Page. LRE (210xxx/217xxx) and Transition Plan (211100/211105) will use the IEP effective dates.	GQ
5	Transition Plan In Place/Not In Place. Transition Plan program codes 211100/211105 have been added to the PR07P5 Transition page and will be pulled from there onto the EMIS Data Collection Form.	GQ
6	TETR Transfer Student ETR Adoption Date. Addition of the TETR event to record the acceptance of another Ohio school district ETR WITHOUT modification for students transferring into the district. Requires the event date, Outcome ID, Start Date, and End Date.	GE
7	IETR/RETR/TETR Outcome ID. Removal of ETEL Eligible for Services. Addition of ET01...ET16 codes aligned with disability determination. This Outcome ID MUST match the Disability Determination (unless ETR results in Due Process)	GE
8	IIEP/RIEP/TIEP Outcome ID. Removal of IESR IEP Complete – Served. Addition of IE13...IE72 codes aligned with LRE. This Outcome ID MUST match the LRE (unless IEP is refused by parents or results in Due Process)	GE
9	Outcome Beginning (Event Start) Dates. Addition of Start Dates for events IIEP, RIEP, TIEP and TETR. IIEP/RIEP use the IEP effective start date. TIEP uses the IEP adoption date. TETR uses the adopted ETR start date.	GE
10	Outcome Ending (Event End) Dates. Addition of End Dates for events IIEP, RIEP, TIEP and TETR. IIEP/RIEP use the IEP effective end date. TIEP uses the adopted IEP expiration date. TETR uses the adopted ETR expiration date.	GE
11	IEP Test Type. Addition of IEP Test Type recording the format of the test the student should be taking for all tests. (Standard, Standard with Accommodations, Alternate Assessment). Should align with the test type on the IEP Testing Page	GE
12	Secondary Planning. Addition of Secondary Planning recording the result of transition planning on IEP for students 14 and older. Should align with the transition plan program code on the IEP Transition Page. TPNP Plan Not in Place, TSOP Summary of Performance – student prepared for graduation, TFYG Transition Plan in Place – student plans meet graduation requirements four years after entering ninth grade, TMYG Transition Plan in Place – student plans to meet grad requirements more than four years after entering ninth grade, TPCE Planned Continuation of ED services – student met grad requirements but needs additional education services prior to college/employment and will continue as Grade 23.	GE
13	Student Demographic Record. Removal of GI Student Demographic Record Addition of FD Student Attributes – Effective Date Record	FD
14	Preschool Assessment Record. Removal of GB Preschool Assessment Record from SSEM as it no longer contains IEP data.	--
