Section: Filters

If you want all items in a selection, leave everything to the left e.g., if you want all course terms, leave them all to the left. This will speed up processing.

- **Course Term, Course Type, Period, and Grade:** Only move any of these items to the right if you want to limit records based on these fields, otherwise keep all to the left.
- **Program:** Only used by JVS.
- **Homeroom:** If you want to run a schedule card for just certain homerooms, move those to the right.
- **Home School:** Only used by a JVS. *If you are not a JVS do not move any of them to the right or you will probably get fewer students than you want.*
- **Counselor, Membership, Membership Group, Student Status, and Special Education Services:** Only move any of these items to the right if you want to limit records based on these fields, otherwise keep all to the left.
- **Ad-Hoc Membership:** You can select Ad-Hoc Membership from the drop down list. If you select an Ad-Hoc Membership, only schedule cards for students from that Ad-Hoc Membership will be used in the report. Check the **Public and Private** check box to see memberships created by other users.
- **Student Numbers:** If report cards are need for individual students, the student ID(s) may be input here, separated by a comma.
- **Homeroom Date:** Specify the date to use to retrieve students' homeroom. Should fall within the current school year.
- **Common Text for Schedule Cards:** Type in common text that you would like to appear on the schedule card

Omit Credit Total Information: <input type="checkbox"/>	Omit Teacher Information: <input type="checkbox"/>		

The screen above may look different based on the format you choose in the Format Section (Page 1). Some sections will not display all the options above because those options are not available on the format.

- **Omit:** Any option that has Omit in front of it means that it is omitting the field listed off the schedule card.
- **Print Two Students Per Page:** This option is only available for formats that are setup in Portrait orientation (formats 2, 3, 12, 12, 22 and 23). The report output pdf file will have dimensions of 8.5 by 5.5 inches per page instead of the usual 8.5 by 11 inches. The report footer will be hidden if there is no Common text entered by the user to allow more students to fit on a single 8.5 by 5.5 pdf page. The user can then use Adobe print settings to print two pages of the pdf per 8.5 by 11 inch sheet of paper.
